庚子（鼠）年 - 2020/2021 之本国市势行情

Forecast on Domestic Market Trend in the year of Geng Zi (Rat) - 2020/2021

本学院预测马来西亚本年度（庚子年 2020/2021）市道虽然还是置于弱势，但仍然有进展的空间。对于新行政体系所许下的承诺，历程已过年半，兑现指数还是处于散落状态，华而不实。这俾使人民在理念上失去主宰，并对当权的行政体系失去信心，而自我封闭，拼力大减，市道走势因而低迷，生活指数大受压力。新行政主体若能够及时转型，以开放政策施针于经济动脉，激发人民涌现新的概念，新的希望，并对新的经济主体恢复信心，新的策略才能有效应地平稳前进。至于今年的消费市场，供求指数差额不高，算是稳中求全。不过在生产领域里，若能呼吁本地人力资源响应就业空间，对生产领域将会有莫大的鼓舞，协调国家在经济领域上平衡前进，达致需求的指标。

Institute of Fortune Telling & Geomancy Fan Yang foresees the Malaysian Market for this year (Year of Rat 2020/2021) as still weak, but with room for advancement. It has been one and a half years since the new administration made their promises, yet with a low level of delivering, and lacking in substance. This causes the people to lose their hold on their perception, and also losing confidence on the administration. People will become conservative, hence becoming less competent. The market trend will then be low and uncertain. Life Index will be subjected to a great pressure. If the new administration can transform in time and adopts an open policy to energize the economy, to stimulate the emergence of new concepts on the part of the people, then new hopes and revival of confidence in the new economic core component will arise, thereby enabling the new strategy to progress steadily. The difference in the Supply/Demand Index is not much for this year's consumers' market, but provides satisfaction amidst a stable mode. The production sector will be much encouraged if local human resource responds to the call by the administration. The country will then advance in a balanced manner in the economic field and will achieve the desired goal.
